SHIPPING & WATERFRONT NEWS

LOGAN TO ARRIVE FRIDAY, LEAVE SAME DAY

Radio advices received this morning at the depot quartermaster's office from the U. S. army transport Logan stated that the steamer will arrive here from Manila and Nagasaki Friday morning at 7 o'clock and will sail the same day, probably late in the afternoon.

The Logan will carry a number of army officers, of whom there are 34 waiting to go to the mainland, also a large number of enlisted men and officers and non-commissioned officers' wives and families.

Three days' mail will leave in the transport from the postoffice, as the Oceanic steamer Sonoma due to arrive tomorrow from Australia and sail that afternoon for the coast, will carry no mail except letters left in government stamped envelopes at the office of C. Brewer & Company. Oceanic boats will begin carrying postoffice mail to the coast December 3.

HACKFELD'S NOTIFIED OF GETTING AGENCY OF CHINA MAIL COMPANY

"We received official advices yesterday from the China Mail Steamship Company's main office in San Francisco, that we have been appointed China Mail agents for Honolulu," said F. W. Klebahn, secretary of H. Hackfeld & Company, today.

This confirms recent despatches to local Chinese papers that Hackfeld & Company had been given the local agency. Mr. Klebahn said this morning the China was due to sail from San Francisco yesterday, and that she will not stop here on her first westbound trip.

"We expect she will call at this port returning from the Orient," he added, "but our advices yesterday said the steamer is filled absolutely to capacity with freight and passengers, so that it would have been useless for her to have called here westbound."

SONOMA WILL LEAVE FOR COAST THURSDAY AT 4 IN AFTERNOON

Radio advices to C. Brewer & Co., Oceanic agents here, stated today that the Sonoma will dock about 7:45 o'clock tomorrow morning at Pier 10, and will sail for San Francisco at 4 o'clock tomorrow afternoon.

From this port the Sonoma will take 60 passengers for the mainland. The steamer will also take 160 tons of general cargo and 560 bunches of bananas, according to Supt. James V. Robertson of Brewer & Company's shipping department.

The ship will carry letter mail left at the office of Brewer & Company in government stamped envelopes. She is bringing only a few passengers to this port from Australia.

ADMIRALTY EXPECTED TO TAKE MORE SHIPS OF UNION LINE SOON

That the largest and best ships of the Union Line have been among those commended for transport service by the British Admiralty in the last six months and more, and that there is a possibility of more being taken over before the next two weeks are past was the news brought here today by Assistant Purser A. W. Wynn-Williams of the Makura.

Among the Union's vessels taken for transport use are the following large boats: Tahiti, 7555 tons; Maunabo, 7327; Marana, 6437; Maheno, 5323; Wahine, 4365; Tofua, 4245; Loonkana, 2448; Aparima, 5704, and Walaha, 4638.

Rumors have been heard among Union Line officials that more ships are shortly to be withdrawn from passenger service for transport use. It is generally believed that this precedes the withdrawal by the British war office of the Australian troops from the Dardanelles. If the withdrawal is decided on, all available British ships will be pressed into service to take the Australian contingent to other points in the war zone.

LIGHTHOUSE DISTRICT EXAMINATIONS ON 15TH

Examinations to establish a list of eligibles for positions as blacksmiths and machinists in the 19th lighthouse district will be held here Monday, November 15, by the local civil service board.

Physical ability will count four points, and training, experience and fitness the remaining six. Civil service blanks properly filled out by applicants and submitted in person or mailed, will constitute the examination.

Blanks may be obtained by applying at the office of the lighthouse inspector, 311 McCandless building, this city, or by application to John W. Short, district secretary for the U. S. Civil Service Commission.

Three hundred young Irishmen arrived at New York from the American liner New York from Liverpool. They left their homes to escape conscription.

The high cost of living in New York seems high indeed when it is figured out that it costs New Yorkers \$4,000, 000 daily for food.

HARBOR NOTES

The Mexican steamer Gen. Y. Pezueira is expected daily.

Bound for this port, the schooner Repeat sailed from Fort Bragg Sunday.

The Shinyo Maru is carrying 185 sacks of mail from this port to San Francisco. She sailed from here yesterday.

Annual inspection of the inter-island steamer Kilauwa was made today by William Howe, U. S. inspector of hulls, and Thomas J. Heeney, local inspector of boilers.

American-Hawaiian steamers coming to Pacific ports from the Atlantic via Magellan, are reported as on time with only a few hours' difference where any delay was experienced.

According to San Francisco papers, Nagasaki is the only port in Japan at which the China Mail's steamer China will call on her first voyage. She expects to reach Nagasaki in 20 days from San Francisco.

Advices received here state that the T. K. K. steamer Seattle Maru is due November 15 from Yokohama for San Francisco. The Panama Maru, according to Bay City papers, will stop here on her way back to the Orient.

As today is San Francisco day at the exposition, the Matsushima will sail from that city tomorrow instead of today. This will make her arrive here a day late on Wednesday, November 10. She will sail on time November 17, however.

Following a general overhauling and painting the inter-island steamer W. G. Hall will resume her run to Kauai points, tomorrow night as usual. The Mikahala, which has been taking the Hall's run, will go back on her regular run to Molokai, Lanai and Maui points next Tuesday.

Owing to the heavy seas, the power schooner Makena was forced to return to port today, after making a second attempt to get away for Molokai and Maui. The craft is engaged in the meat-carrying trade from both islands to this port. She tried to get away yesterday but the rough seas forced her to turn back.

Rough weather around Kauai was reported today by officers of the inter-island steamer Mikahala, which arrived this morning. They reported a strong wind and choppy sea out and inward strong northeast winds and an extremely choppy sea crossing the channel. The Mikahala brought in 16 packages of sundries.

Both the transport Dix and the mine planter Major Samuel Ringgold reached San Francisco safely October 23. The Dix towed the mine planter for a total period of four days. It was the first time the Dix had visited San Francisco in years. Her home port is Seattle.

Next mail for the mainland will leave Friday afternoon in the transport Logan. The Wilhelmnia sailing at 10 o'clock this morning, carried a full despatch from the postoffice. The Sonoma, sailing tomorrow afternoon will take only letter mail left at the office of C. Brewer & Company.

With 110 cabin and 43 steerage passengers on board, the transport steamer Wilhelmnia sailed for San Francisco at 10 o'clock this morning from Pier 15. She carried 46 sacks of mail, one day's accumulation at the postoffice. Her cargo included 40,000 cases of canned pineapples, 500 tons of sugar from Hilo, 4500 bunches of bananas and 450 tons of molasses.

PASSENGERS DEPARTED

TOURIST TRAVEL FROM CANADA GROWING

Tourist business from the Canadian Northwest to Honolulu and Australia is picking up rapidly, according to officers of the Canadian-Australasian steamer Makura, which arrived at 7:45 o'clock this morning from Vancouver, and after a three hour stay at Pier 7, sailed for Australia and way ports shortly after 11 o'clock today. The boat brought 19 sacks of mail.

Total passengers on board the ship today were 153. Of this number 45 were for Honolulu, including 11 first cabin, 32 second, and two third class. This is a much larger number than the Makura carried on her last down trip, and is due, according to Assistant Purser A. W. Wynn-Williams, to the beginning of the regular exodus of tourists from the Canadian Northwest, at the onset of winter.

Cargo for this port amounted only to 18 1-2 tons, but the big through cargo of 2210 1-2 tons is almost entirely British Columbia apples. The number of boxes of this hardy fruit on board is 22,000, and the shippers are principally the British Columbia Fruit Packers' Association, although a few hundred boxes are shipped by other apple growers.

Reach Sydney on Allies' Day.

Cargo out from this port was 39 tons. Passengers from here numbered 13. The Makura is due to arrive in Sydney on Allie's Day. On her last trip, she reached that port on Australia Day, where Purser W. G. Barnett and his assistant, Mr. Wynn-Williams, secured all the available post-cards bearing reproductions of Australian flags used in the celebration.

Among the passengers leaving from here on the steamer was Bert Royle, the Australian theatrical manager, who came here on the Makura on her last up voyage, and is returning on the same boat, after seeing the islands. He expressed himself as delighted with Hawaii and Honolulu hospitality in general.

Second Purser A. W. Wynn-Williams said that he expects, when the Makura reaches Sydney, to receive official notice of his promotion to the position of chief purser on either the Pateena or the Ararua. Union Line steamers engaged in the New Zealand coastal run.

Mr. Wynn-Williams has been second purser on the Makura since January of this year, and is one of the best-known and most popular men in his profession, in the company's employ. He was purser on the Moeriki, a Sydney-Wellington boat, before his promotion to the Makura. The young man has been unofficially notified that he is to be made purser of either the Pateena or Ararua on the completion of his present voyage.

QUEEN STREET PAVING NEEDS ATTENTION NOW

"It is certainly up to the supervisors and up to the city engineer's office to get busy and keep the Queen street wooden-block pavement from being ruined," said a well known local engineer today. "During the last two days the blocks have become so soaked with rain that they are expanding and the pressure is forcing the paving up in ridges and furrows. The paving will be ruined unless something is done to relieve the pressure."

"This paving has been laid for a number of years. It has no expansion joints as there should be along the curb. Previously they have fixed it temporarily when the blocks began to swell, but now nothing is being done. It doesn't cost much to repair the damage now, but if it is let go it will cost a great deal to replace it."

IN A SCOTCH HEAVEN.

Early in the last century an old Forfarshire aristocrat installed in the bedroom corridor of her castle an automatic organ. It was her delight of a morning to wake her guests with its strains.

But it was not the delight of one of them, Miss Sophia Johnstone of Hilton, to be so awakened, and she said so.

"Ye dinna like the music? Ye shouldn't say that, Sophy," said her hostess. "Ye'll no' win to heaven an ye dinna take pleasure in music; it's to be all music there, ye know."

"Deed," said the incorrigible one, "an heaven's a place w' auld wives playin' on hand-organs at 6 o'clock in the mornin' it's no' the place I tak' it for; nor yet the place I want to be in."

PASSENGERS BOOKED

Per S. S. Makura for Sydney, Nov. 3—George Nelson, T. L. Hall, Mr. and Mrs. B. H. Bruce, R. V. Wilson, Bert Roylers, Mr. and Mrs. C. Cruikshank, E. H. Higgins, Mrs. L. D. Duffy, G. H. Grant.

From the country home at Stricken, Scotland, Mary Garden, the American actress, issued a statement denying she had undergone an operation, as reported.

TELL FOLKS THEY LOOK FINE AND THEY WILL, DOCTOR SAYS

DENVER, Colo.—If you want to stay young and keep the folks about you looking young, practise the habit of always telling your neighbors how well you feel and how well they look.

According to Dr. S. R. McKelvey, secretary of the state board of health, this policy of the new health movement is putting a new feeling into hundreds of persons.

"It is not only bad taste to talk of your pains and ailments, but it is a reflection on your intelligence and your knowledge of health, sanitation and hygiene not to keep well and fit and enjoy good health," says the doctor.

"We are not far from the time when the cause of illness will have to be accounted for personally. In other words, nature is no longer going to be blamed for sickness when it is simply the result of ignorance, indifference or wrong ways of living."

"You can make a man take a new lease on life by telling him how well he looks and how young; by telling a fellow he's sure to make good when he's down and out, and by declaring that you yourself are as young and healthful as you ever were. The principle is that it encourages, it makes us think differently and act differently, for, after all, we are only what we think we are."

Humphrey Sullivan, farmhand of Patterson, N. Y., died in the Danbury hospital as the result of injuries received in Brewster, N. Y., when he was run down by a jitney bus.

Four men were killed and seven injured, one probably fatally, in an explosion at the Emporium, Pa., plant of the Aetna Explosive company.

About 14,000 Greek and Italian miners have left the West Virginia collieries to join the armies of their countries and a labor shortage is feared.
